### Grommets - (to order, specify GR or CM)

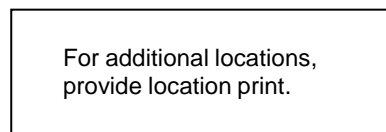

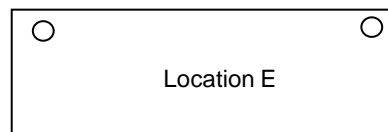

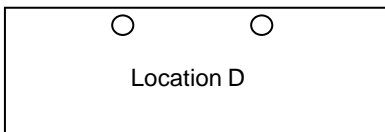

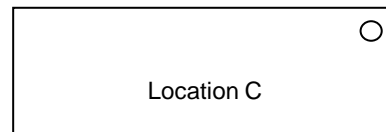

GR

CM

Material: Plastic Finish: Black

Grommet and cable manager location options. Add an additional \$40.00 for each grommet or \$50 for each additional cable manager unit to the list price. Indicate which location you prefer on your purchase order.

### Built In Wire Management - (to order, specify WM)

Bases will have a 1"W x 19"H steel access door with self closing hinges. The door runs within 2 3/8" of top plate and bottom. Door height will vary depending on options. Upcharge is \$105 per table.

Note: This is designed to fit most cords and end plugs. Please check with customer service if questionable.

WM

### Snap On Wire Management- (to order, specify WMLC)

Snap On Wire Management is an option available on cylinder column bases. It offers coverage of your wire down the vertical leg of the table at an upcharge of \$45.

Note: This is designed to fit most cords and end plugs. Please check with customer service if questionable.

WMLC

### Undersurface Mounted Wire Management

A strong adhesive strip gives each of the undersurface mount options a strong hold for multiple wires. Any of these options can be utilized under the Top Surface or on to the inner Modesty Panel. The vertical mounted unit attaches to the undersurface with screws and hangs from the surface, directing multiple cords to the floor outlet. Priced in 1,2, and 5 ft increments. To order specify the product number and the length needed for each table. For additional sizes, contact customer service.

#### Vertical

Oval spine conceals and carries wires from under desk to floor. Single channel on each side to keep cords separate where code requires. 30" tall by 3 1/16" wide and 1 1/2" deep. Screws under desk with weighted base. Silver finish.

**Model**  
WMH

**Price**  
\$112

#### Horizontal

J channel is ideal when cords need to be moved often. 3 1/4" high by 1" deep. Available in black. Comes with self adhesive tape applied for easy install.

Model	Length	Price
WMA1	1 ft	\$25
WMA3	3 ft	\$50
WMA5	5 ft	\$75

Four channel wire manager has subtle openings to load wires in separate channels to meet local codes. 3" high by 3/4" deep. Available in black. Comes with self adhesive tape applied for easy install.

Model	Length	Price
WMC1	1 ft	\$30
WMC3	3 ft	\$55
WMC5	5 ft	\$90

3' long vertebrae contains 4 separate channels. There are two main channels and two smaller which allow wires to sit in a 1/2" deep trough. 3 1/8" wide. Available in black.

WMD3	3 ft	\$65

## EasyEx Folding Mechanism - (FD models)

The EasyEx uses a nylon injection molded body with an extruded aluminum working mechanism. This new EasyEx gives the user low cost, high durability, great aesthetics, and the quality for which EasyEx is famous.

EasyEx uses a single press down lever that can be operated by hand or foot and provides a positive lock up or down without the slack that is associated with older folding devices. EasyEx can be installed on tables as short as 57" and still fold flat.

## Nesting - (NE models)

Tables can be easily nested with a simple to operate mechanism allowing for easy reconfiguration and storage of training room tables. A hinged modesty panel also allows for the storage of the more complex tables. Tables 84" and longer will have 2 operational handles per table.

## Flip Top - (FT models)

The standard Flip-Top base system allows the top to flip into an easy storage position. This option is available on all X and disc bases within a 36" square size and 48" round diameter maximum. Each size table is available at an \$85 upcharge for flip top option.

## Footring - (to order, specify -FR)

Tablex Disc bases available with a footring for comfort, available at \$140 upcharge. 24" and 32" discs have a 19" outer diameter footring. 20" discs have a 14" outer diameter footring. 12" from floor to top of footring.

## Accessory Hooks - (to order, specify -HK)

Set of two hooks are available on standing height tables at a \$55 upcharge. Hooks are black metal.

## Bullnose End - (to order, specify -BN)

Steel bullnose is available in the **Foundation Series**, replacing the standard flat ends. The upcharge is \$55.

**Spring Clip Height Adjustment -(to order, specify AH)**

A Spring Clip Height Adjustment Mechanism is available at a \$200 list upcharge per table. This option is available on base configurations with cylinder shaped posts. The height adjustment range is 26"-32".

**Pneumatic Height Adjustment - (to order, specify -NU)**

All square (max. 34x34) and round tables (max. 48" dia) are available with a pneumatic height adjustment option on an X-base at an upcharge of \$315 list per table. Adjusts at a 12" vertical range in 1" increments.

**Electric or Manual Height Adjustability - (to order, specify MH or EH)**

Hand crank manually adjusts from 27" to 40" with 6 turns per inch of height adjustment. When not in use, the handle is concealed. The electric height adjustment range is from 27" to 43". Adjustment speed is 1-1/4" per second. Various heights can be stored in memory for repeated adjustments. Note: Start heights increase 2" when casters are used. This option is available on rectangular tops of 24", 30" and 36" width with a maximum length of 72".

For manual height adjustability - MH - call 877-481-1177

For electric height adjustability - EH - call 877-481-1177

**Caster - Locking - (to order, specify - LC )**

Locking 2" or 3" caster fitted into a receiver depending on table size. A \$75 upcharge per table applies for all locking caster options.

**Concealed Caster and Glide Combo - (to order, specify -CCG)**

The concealed non-locking caster can be used on one end of the table to allow for easy table reconfiguration. The other end will have standard glides. Note: base style is as shown. The upcharge is \$86 list per table. Table height remains at the standard 29" table height.

**Self Leveling Glides - (to order, specify -LG)**

Self leveling glides can be specified in place of the standard nickel plated glides at a \$80 list per table upcharge.

**Plastic Glides - (to order, specify -PG)**

Plastic glides can be specified in place of the standard nickel plated glides at a \$25 list per table upcharge.
